North Dakota Department of Health Develops Webpage for State-Specific Information About H1N1 Influenza (Swine Flu)

BISMARCK, N.D. – The North Dakota Department of Health today announced the launch of a webpage dedicated specifically to North Dakota information related to the H1N1 influenza (swine flu) outbreak. The website is located at www.ndflu.com/swineflu/. People also can access the site by visiting the department's main page at www.ndhealth.gov and clicking on the link in the "Current Issues" box.

The site is designed to give the public and the media access to the most current information specific to North Dakota. People visiting the website will be able to access information about North Dakota H1N1 cases, including a map with specific county information. This information is updated daily. *Please note that at this time there have been no probable or confirmed cases in North Dakota.* The webpage also contains links for accessing educational information about H1N1 influenza, news releases, health alerts, travel notices and guidance for health-care professionals.

For more information, please contact Loreeta Canton or Stacy Eberl, Office of Public Information, at 701.328.2372.

Note to the Media: The North Dakota Department of Health has developed a policy for release of information regarding North Dakota H1N1 cases. You can view this policy at www.ndhan.gov/media/.
